What clients have said about Rob Salisbury as a Sales Trainer

Dennis Wee Realty

Thanks once again for your 'Advanced Closing Strategies Workshop' you presented in our office in February.

Your program proved to be popular with more than 60 of our real estate associates turning up, even when it was two days before our huge Lunar New Years holidays in Asia. This underscores the interest level on the topic of closing skills and of course, our associates were rewarded with a great presentation from you.

Bell River Homes

After we had our dealers conference in Parramatta, it was time to reflect on what we have accomplished.

Some of our top people have been with us for many years and seen just about everything. We are experiencing a major shift in our team, many of whom had been 'waiting' for a change. Their new enthusiasm and activities are already making a huge difference on many fronts.

Bell River Homes, Orange NSW**

Milton-Ulladulla Chamber of Commerce

We had been expecting 30-45 members and guests to turn out for our May members night where you were our guest speaker.

Imagine my delight when the numbers of confirmed attendees rose to 75 the day before. We had to turn five away on the day because the venue and dinner program would not hold any more people.

We have never reached maximum attendance before. To tell people NOT to show up for a Chamber of Commerce Dinner event was a new experience. The night was a complete sell out.

Cable & Wireless Optus, Melbourne

Thank you for the eight-session sales training program you conducted for my team through March, April, May and June.

As you know our results for April were excellent, 159% of target. The good news is that May was even better with my team achieving 192% of target.

**Katherine Smith, Group Manager
Cable & Wireless Optus**

Cable & Wireless Optus, Sydney

This is to bring you up to date on the impact of your six week training program. We had a record breaking month in January, traditionally our slowest month of the year. My team achieved 163% of budget and they did it in December knowing that their individual targets would be higher in January. We are enthusiastic and working well as a complete team.
